Dear Valued Cowboy State Customer:

Equifax Breach Information

Recently, Equifax, one of the three national consumer credit reporting agencies, announced a major data breach. This breach affects approximately 143 million Americans. This is what we know according to Equifax: the data breach occurred May – July 2017, and the information stolen includes consumers’ personally identifiable information, including names, Social Security numbers, dates of birth, addresses and, in some cases, driver’s license numbers. Approximately 209,000 credit card numbers and dispute documents with personally identifiable information for approximately 182,000 consumers were also stolen. There is no evidence of unauthorized access to consumers’ credit reporting databases.

To be clear, Cowboy State Bank was not compromised and your information was not stolen from our bank. However, Cowboy State Bank takes the security of our customer information very seriously, and we are providing you with the information we know about this massive breach and the steps you can take to protect your personally identifiable information if you so desire. Following this unprecedented breach, we are also asking our customers to be extra vigilant and report any suspicious activity in your accounts to Cowboy State Bank by calling either of our offices at 307-655-2291 or 307-673-4456, or visiting Cowboystatebank.com. Cowboy State Bank also offers our IDTheft Program at a very reasonable monthly cost to our customers. Call for details.
